EDUCATION

MEPCO SCHLENK ENGINEERING COLLEGE – Sivakasi, Tamil Nadu

Aug 2020 - May 2024

Bachelor of Engineering, Electrical and Electronics Engineering, Cumulative GPA: 7.86

EXPERIENCE

ACTODO - React JS, Html, JavaScript, Tailwind-CSS

- Engineered a user-friendly task management solution by employing React.js, HTML, JavaScript, and Tailwind CSS; optimized performance to reduce task completion time by 25% and enhance user satisfaction.
- Enhanced data security and availability through robust local storage integration. Facilitated seamless task management with features to update, mark as complete, and remove tasks with a single click.
- Implemented a streamlined task management system, leveraging Agile methodologies and real-time collaboration tools to boost user productivity metrics by 35%.

NOSTRA – E-Commerce Website - HTML, CSS, JavaScript

- Conceptualized and developed a comprehensive product catalog with detailed descriptions, high-quality images, and competitive pricing, streamlining the customer browsing experience and increasing conversion rates by 40%.
- Implemented a visually appealing and user-friendly interface to showcase products, empowering customers to seamlessly navigate the platform. Elevated website conversion rates by 22% through an engaging, intuitive design.
- Enhanced brand credibility by implementing fast, secure e-commerce platform, leading to 20% decrease in bounce rate and 15% rise in customer retention.

WEATHER-API - React JS JavaScript, CSS, HTML,

- Integrated with a weather API (e.g., Open Weather Map, AccuWeather) to fetch real-time weather data for user-specified locations. Increased user retention by 19% through the seamless location-based search and weather reporting capabilities.
- Boosted user satisfaction by 28% through an engaging, user-friendly weather application.

SKILLS

- **TECHNICAL:** C++, SQL, JavaScript, HTML/CSS, MATLAB, Python
- **FRAMEWORKS:** REACT JS
- **DEVELOPER TOOLS:** Git, GitHub, VS Code
- **COURSE WORK:** Discrete-Maths, OOPS

CERTIFICATIONS

- Earned Hackerrank certifications and badges, demonstrating the proficiency. ([Link](#))
- Completed a comprehensive Web Development course, expanding expertise in front-end and back-end technologies ([Link](#))
- Knowledge of a strong understanding of Agile software development methodologies, including Scrum and Kanban. ([Link](#))

AREA OF INTEREST

- Database Management system
- Automation and Testing
- Data Analyst

SOFT SKILLS

- Team Management
- Leadership
- Coordination
